Armaflo Experience —

Supply certainty during first-fix M&E.

You understand the pressures that exist on site as well as we do. If all the M&E supplies required for first fix don't arrive when expected, then the whole project can be frustrated.

That's why we focus exclusively on supplying containment and pipe support solutions for first-fix. By doing so, we can realistically make our 100/100 stock commitment – 100% of essential product lines, in stock 100% of the time.

That's our guarantee to you: If you order with Armaflo, you know that you'll get it next day. No excuses, no delayed dispatches, and no unexpected back orders.

With 15 years' experience of working with independent M&E contractors, we know what really matters in day-to-day operation. We make it easy for you to place your orders and to get the right products for the job every time, so that you can focus on getting the actual work done.

We don't need product codes or last order references – why should you have to do the work when we can do it for you? And our team is thoroughly trained in our products and their applications, so any first-fix M&E questions you have can be answered there and then, whenever you contact us.

We're a family business ourselves, supplying hundreds of great independent, family companies. We genuinely care about your success, and we demonstrate it in the way we respond to your questions, deal with your orders, and freely share our expertise.

There's nothing like the Armaflo experience!

Armaflo Off-site Fabrication

Off-site fabrication is revolutionising the construction and M&E industries by shifting a significant portion of the assembly process away from the project site and into a controlled, efficient environment. This innovative approach offers numerous advantages that can greatly enhance project outcomes. By opting for off-site fabrication, contractors can enjoy improved efficiency, higher quality, and a more streamlined project workflow.

Why choose Armaflo?

At Armaflo, we recognise the critical importance of supply certainty during first-fix M&E. Our off-site prefabrication services are designed to deliver unmatched advantages, ensuring your projects proceed smoothly, efficiently, and sustainably.

With every project being unique, we understand that fully fabricated supports may not always be the best solution. To accommodate your specific needs, we offer four types of off-site services to ensure the perfect fit for your project:

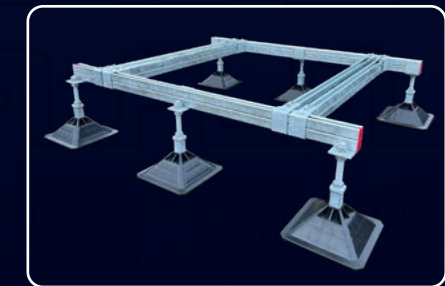

Pre-cut lengths

Bespoke kits

Offsite assembly

Plant & H frames

EXPERIENCE THE ARMAFLO DIFFERENCE

Transform your projects with our tailored off-site fabrication services. Contact us today to discover how we can support your construction needs and ensure supply certainty for your next M&E project.

FMB 1000	1000mm	2

Equipment Mounting Systems

The base & extender frames are designed to provide stability and spread loads evenly across flat roof surfaces. The galvanised steel frame raises equipment up to 405mm above the flat roof level, permitting quick and easy access for roof maintenance.

Base Frame contains: 4 feet, 2 box sections, 2 strut beams with clamps, 4 adjustable leg assemblies and fixings
 Extender Frame contains: 2 feet, 2 box sections, 2 strut beams with clamps, 2 adjustable leg assemblies and fixings

Code	Description	Size
FHF BFR	Base Frame	1.2 x 1.2m
FHF EFR	Extender Frame	1.2 x 1.2m

Mini Mounting Foot Systems

Pack contains 2 feet c/w screws and washers. Channel not included.

Code	Size	Pack Qty
FHF MIN	100 x 100mm	2

Mounting Foot Systems

Pack contains 2 feet c/w angle brackets and fixings. Channel not included.

Code	Size	Pack Qty
FHF KIT	320 x 320mm	2
FHF KIT5	500 x 500mm	2

Back to Back Channel Mounting Foot Systems

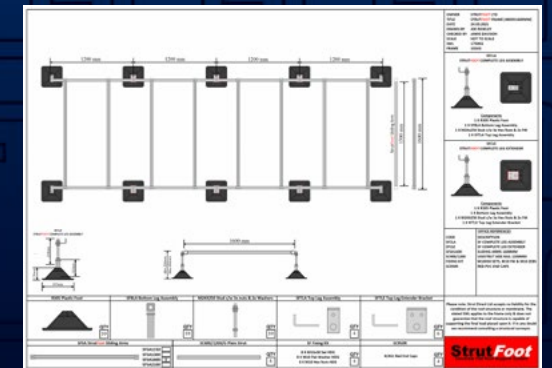

Designed for use with either 41 x 82mm or 41 x 41mm back to back channel.

Code	Size	Pack Qty
FHF ILPB	350 x 350mm	1

ARMAFLO Bespoke Mounting Systems

Suitable for heavy or complex shaped building services

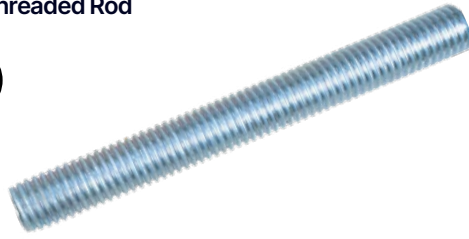

Complete with all necessary fixings.
 Manufactured in the UK offering a very fast lead time.

- Simply send us your requirements and we will put together a solution for you.
- We will provide an AutoCAD drawing proposal together with load calculations prior to manufacture.

Threaded Rod Cutters

Suitable for cutting mild steel threaded rod to provide a clean burr-free cut and reduce installation times. Threaded rod cutters can also be used to cut in-situ studs. The 4.5kg weight makes it suitable for overhead work. Product supplied with M10 dies as standard and M8 as an optional extra.

Benefits of Zip-Clip Products

Improved Health & Safety
 → Easy to move around the site
 → Only cold cut is required

Boost Your Productivity
 → Reduce your labour time
 → Limited tooling is required

Enhanced Logistics
 → Reduced material content
 → Goods can be securely stored

ARMAFLO

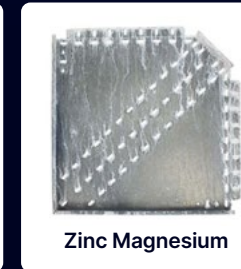

Zinc Magnesium Containment Range

Designed for exceptional corrosion resistance, Zinc Magnesium products offer unmatched performance in high-demand environments.

We offer a range of containment products such as channel, cable tray and trunking.

- **Enhanced corrosion protection**
Up to 3x longer-lasting than standard coatings
- **Self-healing effect**
Dense coating that naturally seals exposed edges, scratches and perforations
- **Cost effective and sustainable**
Fewer processes and significantly less zinc content
- **Improved aesthetics and finish**
Smooth appearance that ranges from matt to bright
- **UV resistant**
Ideal for solar installations

Here are images of pre-galvanised, hot-dip galvanised, and zinc-magnesium after a 1,000-hour salt spray test. These images highlight how zinc-magnesium significantly outperforms the other coatings in highly corrosive environments.

Call us to discuss your requirements now on:

Galvanised Conduit

Galvanised Conduit

The Armaflo ConLok Range

Decreased On-site Labour Costs

Repetitive Strain Injury Reduction

Fully Hot-Dip Galvanised

→ No need to thread the steel conduit, massively reducing install times.

→ Old-fashioned stocks and dies have been linked to repetitive strain injury. This system greatly reduces this risk.

→ As they have no thread, ConLok products are hot-dip galvanised all over.

Threadlock

A medium strength adhesive which prevents vibration loosening of fasteners.

Code	Size	Pack Qty
GNL TL42	50ml	12

LOCTITE® 577 Fast Cure Medium Strength Pipe Seal

LOCTITE® 577 is designed for the locking and sealing of metal pipes and fittings as well as other threaded assemblies. The product provides an instant, low-pressure seal for metal pipes and fittings. It will not creep, shrink or shred.

Code	Size	Pack Qty
GLT 570	50ml	6

Gruvlok Standard Lubricant

Code	Size	Pack Qty
FGL 400	400g	20

LOCTITE® 243 Thread Locker

LOCTITE® 243 is a medium strength blue threadlocking adhesive that seals and secures metal nuts and bolts to prevent loosening due to shock and vibration.

Code	Size	Pack Qty
GLT 241	10ml	6

LOCTITE® 55 Pipe Sealing Cord

LOCTITE® 55 is designed for sealing of metal and plastic pipes and fittings. It needs no cure time and results in an immediate, full pressure seal. The ideal choice for a quick, easy and reliable seal.

Effortless off-site fabrication with Armaflo

At Armaflo, we simplify your project timeline with precision, efficiency, and quality. Our off-site prefabrication process ensures that every component is crafted to perfection before it reaches your site, giving you more time to focus on what matters.

Here's how it works:

- **Consultation**
We work with you to fully understand your project goals
- **Design**
Our expert team creates detailed plans for functionality and efficiency
- **Manufacturing**
We fabricate your components with precision in our controlled environment
- **Delivery**
On-time delivery to keep your project on track, with careful packaging to ensure safety
- **Installation**
Quick, seamless on-site installation, reducing downtime and disruption

"We can't fault them; the lads loved them and put them up with no fuss."

"I don't know how you managed to turn it around in just 3 days!"

Ready for a more efficient project?
Let Armaflo bring supply certainty to your next project.

Contact us today to learn more!

ARMAFLO STANDARD TERMS & CONDITIONS OF SALE

1 INTERPRETATION

1.1 Definitions:

"Business Day" a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business.

"Conditions" the terms and conditions set out in this document as amended from time to time in accordance with clause 11.5.

"Contract" the contract between the Supplier and the Customer for the sale and purchase of the Goods in accordance with these Conditions.

"Customer" the person or firm who purchases the Goods from the Supplier.

"Data Protection Legislation" UK data protection legislation and any other European Union legislation relating to personal data and all other legislation and regulatory requirements in force from time to time which apply to a party relating to the use of personal data (including, without limitation, the privacy of electronic communications).

"Force Majeure Event" an event, circumstance or cause beyond a party's reasonable control.

"Goods" the goods (or any part of them) set out in the Order.

"Order" the Customer's order for the Goods, as set out in the Customer's purchase order form, or the Customer's written acceptance of the Supplier's quotation, or overleaf, as the case may be.

"Specification" any specification for the Goods, including any related plans and drawings, that is agreed in writing by the Customer and the Supplier.

"Supplier" Armaflo Ltd (registered in England and Wales with company number 09876231).

1.2 Interpretation:

1.2.1 a reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.

1.2.2 any phrase introduced by the terms including, include, in particular or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.

1.2.3 a reference to writing or written includes by email.

2 BASIS OF CONTRACT

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.2 The Order constitutes an offer by the Customer to purchase the Goods in accordance with these Conditions. The Customer is responsible for ensuring that the terms of the Order and any applicable Specification (submitted by the Customer) are complete and accurate.

2.3 The Order shall only be deemed to be accepted when the Supplier issues a written acceptance of the Order, at which point the Contract shall come into existence.

2.4 The Customer waives any right it might otherwise have to rely on any term endorsed upon, delivered with or contained in any documents of the Customer that is inconsistent with these Conditions.

2.5 Any samples, drawings, descriptive matter or advertising produced by the Supplier and any descriptions or illustrations contained in the Supplier's catalogues or brochures are produced for the sole purpose of giving an approximate idea of the Goods referred to in them. They shall not form part of the Contract nor have any contractual force.

2.6 A quotation for the Goods given by the Supplier shall not constitute an offer.

3 GOODS

3.1 The Goods are as described in the written acceptance of the Order from the Supplier. The Supplier reserves the right to change any description of the Goods at its sole discretion from time to time

3.2 To the extent that the Goods are to be manufactured in accordance with a Specification supplied by the Customer, the Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or

in connection with the Supplier's use of the Specification. This clause 3.2 shall survive termination of the Contract.

3.3 The Supplier reserves the right to amend the Specification if required by any applicable statutory or regulatory requirements.

4 DELIVERY

4.1 The Supplier shall ensure that each delivery of the Goods is accompanied by a delivery note that shows the date of the Order, all relevant Customer and Supplier reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Goods are being delivered by instalments, the outstanding balance of Goods remaining to be delivered.

4.2 The Supplier shall deliver the Goods to the location set out in the Order or such other location as the parties may agree (Delivery Location) at any time after the Supplier notifies the Customer that the Goods are ready.

4.3 The Customer may, from time to time, collect the Goods from the Supplier's place of business or such other location as may be advised by the Supplier prior to delivery within three Business Days of the Supplier notifying the Customer that the Goods are ready.

4.4 Delivery is completed on the completion of unloading of the Goods at the Delivery Location.

4.5 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.6 If the Supplier fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.7 If the Customer fails to accept delivery of the Goods within three Business Days of the Supplier notifying the Customer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or the Supplier's failure to comply with its obligations under the Contract:

4.7.1 delivery of the Goods shall be deemed to have been completed at 9.00 am on the third Business Day after the day on which the Supplier notified the Customer that the Goods were ready; and

4.7.2 the Supplier shall store the Goods until delivery takes place and charge the Customer for all related costs and expenses (including insurance).

4.8 If ten Business Days after the day on which the Supplier notified the Customer that the Goods were ready for delivery the Customer has not taken or accepted delivery of them, the Supplier may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Goods or charge the Customer for any shortfall below the price of the Goods.

4.9 If the Supplier delivers up to and including 5% more or less than the quantity of Goods ordered the Customer may not reject them, but on receipt of notice from the Customer that the wrong quantity of Goods was delivered, a pro rata adjustment shall be made to the invoice for the Goods.

4.10 The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

4.11 Any claims by the Customer for damage during transit, shortages or non-delivery of the Goods must be made to the Supplier in writing within three (3) days of the delivery date.

5 QUALITY

5.1 The Supplier warrants that on delivery, and for a period of 12 months from the date of delivery (Warranty Period), the Goods shall:

5.1.1 conform in all material respects with their description and any applicable Specification;

5.1.2 be free from material defects in design, material and workmanship; and

5.1.3 be of satisfactory quality (within the meaning of the Sale of Goods Act 1979).

5.2 Subject to clause 5.3, if:

5.2.1 the Customer gives notice in writing to the Supplier during the Warranty Period within ten (10) Business Days of discovery that some or all of the Goods do not comply with the warranty set out in clause 5.1;

5.2.2 the Supplier is given a reasonable opportunity of examining such Goods; and

5.2.3 the Customer (if asked to do so by the Supplier) returns such Goods to the Supplier's place of business at the Customer's cost, the Supplier shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.

5.3 The Supplier shall not be liable for the Goods' failure to comply with the warranty set out in clause 5.1 if:

5.3.1 the Customer makes any further use of such Goods after giving notice in accordance with clause 5.2;

5.3.2 the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, installation, use and/or maintenance of the Goods or (if there are none) good trade practice regarding the same;

5.3.3 the defect arises as a result of the Supplier following any drawing, design or Specification supplied by the Customer;

5.3.4 the Customer alters or repairs such Goods without the prior written consent of the Supplier;

5.3.5 the defect arises as a result of fair wear and tear, wilful damage, negligence or abnormal storage or working conditions; or

5.3.6 the Goods differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory requirements.

5.4 Except as provided in this clause 5, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 5.1.

5.5 No implied, statutory or common law warranty or condition of merchantability or fitness for a particular purpose or use (including the terms implied by sections 13 to 15 of the Sale of Goods Act 1979) shall apply and are, to the fullest extent permitted by law, excluded from the Contract.

5.6 To the fullest extent permitted by law, any repair, replacement or refund referred to in this clause 5 shall be the Customer's sole and exclusive remedy in relation to any claims it may have arising out of or in respect of any defects caused by the Supplier breaching any warranty given in relation to the quality of the Goods, whether such claims are based in contract, equity, indemnity, warranty, tort (including negligence), strict liability or otherwise.

5.7 These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

6 TITLE AND RISK

6.1 The risk in the Goods shall pass to the Customer on completion of delivery in accordance with clause 4.4.

6.2 Title to the Goods shall not pass to the Customer until the earlier of:

6.2.1 the Supplier receives payment in full (in cash or cleared funds) for the Goods, in which case title to the Goods shall pass at the time of payment; and

6.2.2 the Customer resells the Goods, in which case title to the Goods shall pass to the Customer at the time specified in clause 6.3.

6.3 Until title to the Goods has passed to the Customer in accordance with clause 6.2 and provided the Goods have not already been irrevocably incorporated into another product, the Customer shall:

6.3.1 store the Goods separately from all other goods held by the Customer so that they remain readily identifiable as the Supplier's property;

6.3.2 not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;

6.3.3 maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;

6.3.4 notify the Supplier immediately if it becomes subject to any of the events listed in clauses 8.1.2 to 8.1.4; and

6.3.5 give the Supplier such information relating to the Goods as the Supplier may require from time to time.

6.3.6 If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 8.1.2 to 8.1.4, then, without limiting any other right or remedy the Supplier may have:

6.3.1 the Customer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and

6.3.2 the Supplier may at any time:

6.3.2.1 require the Customer to deliver up all Goods in

its possession that have not been resold, or irrevocably incorporated into another product; and

6.3.2.2 if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

7 PRICE AND PAYMENT

7.1 The price of the Goods shall be the price set out in the Order and confirmed in any written acceptance by the Supplier, or, if no price is quoted, the price set out in the Supplier's published price list in force as at the date of delivery.

7.2 The Supplier may, by giving notice to the Customer at any time up to three Business Days before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:

7.2.1 any factor beyond the Supplier's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);

7.2.2 any request by the Customer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or

7.2.3 any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.

7.3 The price of the Goods:

7.3.1 excludes amounts in respect of value added tax (VAT), which the Customer shall additionally be liable to pay to the Supplier at the prevailing rate, subject to the receipt of a valid VAT invoice; and

7.3.2 excludes the costs and charges of packaging, insurance and transport of the Goods, which shall be invoiced to the Customer.

7.4 The Supplier may invoice the Customer for the Goods on or at any time after the completion of delivery.

7.5 The Customer shall pay the invoice in full and in cleared funds by the end of the month following the month in which it was received. Payment shall be made to the bank account nominated in writing by the Supplier. Time for payment is of the essence.

7.6 If the Customer fails to make any payment due to the Supplier under the Contract by the due date for payment, then the Customer shall pay interest on the overdue amount at the rate of 4% per annum above the Bank of England's base rate from time to time, but at 4% a year for any period when that base rate is below 0%. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. The Customer shall pay the interest together with the overdue amount.

7.7 The Customer shall pay all amounts due under the Contract in full without any set-off, counterclaim, deduction or withholding (except for any deduction or withholding required by law). The Supplier may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Customer against any amount payable by the Supplier to the Customer.

7.8 The Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including but not limited to any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal costs (calculated on a full indemnity basis) and all and other reasonable professional costs and expenses) suffered or incurred by the Supplier arising out of or in connection with any claim or action made against the Customer in connection with the recovery of any costs in respect of any claims relating to any debt recovery action brought by the Supplier arising out of this Contract.

8 TERMINATION

8.1 Without limiting its other rights or remedies, the Supplier may terminate this Contract with immediate effect by giving written notice to the Customer if:

8.1.1 the Customer commits a material breach of any term of the Contract and (if such a breach is remediable) fails to remedy that breach within 20 Business Days of that party being notified in writing to do so;

8.1.2 the Customer takes any step or action in connection with its entering administration, provisional liquidation or any composition or arrangement with its creditors (other than in relation to a solvent restructuring), being wound up (whether voluntarily or by order of the court, unless for the purpose of a solvent restructuring), having a receiver appointed to any of its assets or ceasing to carry on business or, if the step or action is taken in another jurisdiction, in connection with any analogous procedure in the relevant jurisdiction;

8.1.3 the Customer suspends, threatens to suspend, ceases

or threatens to cease to carry on all or a substantial part of its business; or

8.1.4 the Customer's financial position deteriorates to such an extent that in the Supplier's opinion the Customer's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy.

8.2 Without limiting its other rights or remedies, the Supplier may suspend provision of the Goods under the Contract or any other contract between the Customer and the Supplier if the Customer becomes subject to any of the events listed in clause 8.1.2 to clause 8.1.4, or the Supplier reasonably believes that the Customer is about to become subject to any of them, or if the Customer fails to pay any amount due under this Contract on the due date for payment.

8.3 Without limiting its other rights or remedies, the Supplier may terminate the Contract with immediate effect by giving written notice to the Customer if the Customer fails to pay any amount due under the Contract on the due date for payment.

8.4 On termination of the Contract for any reason the Customer shall immediately pay to the Supplier all of the Supplier's outstanding unpaid invoices and interest and, in respect of Goods supplied but for which no invoice has been submitted, the Supplier shall submit an invoice, which shall be payable by the Customer immediately on receipt.

8.5 Termination of the Contract shall not affect any of the parties' rights and remedies that have accrued as at termination, including the right to claim damages in respect of any breach of this Contract that existed at or before the date of termination.

8.6 Any provision of the Contract that expressly or by implication is intended to come into or continue in force on or after termination or expiry shall remain in full force and effect.

9 LIMITATION OF LIABILITY

9.1 Nothing in these Conditions shall limit or exclude the Supplier's liability which cannot be legally limited, including liability for:

9.1.1 death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors (as applicable);

9.1.2 fraud or fraudulent misrepresentation;

9.1.3 breach of the terms implied by section 12 of the Sale of Goods Act 1979; or

9.1.4 defective products under the Consumer Protection Act 1987.

9.2 Subject to clause 9.1:

9.2.1 the Supplier shall under no circumstances whatsoever be liable to the Customer, whether arising under or in connection with the Contract, and whether in contract, tort (including negligence), breach of statutory duty or otherwise, for any: (a) loss of profit; (b) loss of sales or business; (c) loss of agreements or contracts; (d) loss of anticipated savings; (e) loss of or damage to goodwill; (f) wasted expenditure; or (g) any indirect or consequential loss; and

9.2.2 the Supplier's total liability to the Customer in respect of all losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed the price paid or payable for the Goods.

10 FORCE MAJEURE

Neither party shall be in breach of this Contract nor liable for delay in performing, or failure to perform, any of its obligations under this Contract if such delay or failure result from a Force Majeure Event. If the period of delay or non-performance continues for 30 days, the party not affected may terminate this Contract by giving 30 days written notice to the affected party.

11 GENERAL

11.1 Assignment and other dealings.

11.1.1 The Supplier may at any time assign, transfer, mortgage, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract.

11.1.2 The Customer may not assign, transfer, mortgage, charge, subcontract, declare a trust over or deal in any other manner with any or all of its rights or obligations under the Contract without the prior written consent of the Supplier.

11.2 Confidentiality.

11.2.1 Each party undertakes that it shall not at any time during the Contract, and for a period of two years after termination of the Contract, disclose to any person any confidential information concerning the business, affairs, customers, clients or suppliers of the other party except as permitted by clause 11.2.2.

11.2.2 Each party may disclose the other party's confidential information:

11.2.2.1 to its employees, officers, representatives or advisers who need to know such information for the purposes of exercising the party's rights or carrying out its obligations under or in connection with the Contract. Each party shall ensure that its employees, officers, representatives or advisers to whom it discloses the other party's confidential information comply with this clause 11.2; and

11.2.2.2 as may be required by law, a court of competent jurisdiction or any governmental or regulatory authority.

11.2.3 Neither party shall use any of the other party's confidential information for any purpose other than to exercise its rights and perform its obligations under or in connection with the Contract.

11.3 Data Protection.

11.3.1 Both the Supplier and the Customer acknowledge that personal data which is supplied or is obtained during the course of this Contract complies with and has been processed in accordance with all applicable Data Protection Legislation.

11.4 Entire agreement.

11.4.1 The Contract constitutes the entire agreement between the parties and supersedes and extinguishes all previous agreements, promises, assurances, warranties, representations and understandings between them, whether written or oral, relating to its subject matter.

11.4.2 Each party agrees that it shall have no remedies in respect of any statement, representation, assurance or warranty (whether made innocently or negligently) that is not set out in the Contract. Each party agrees that it shall have no claim for innocent or negligent misrepresentation or negligent misstatement based on any statement in the Contract.

11.5 Variation. No variation of the Contract shall be effective unless it is in writing and signed by the parties (or their authorised representatives).

11.6 Waiver. No failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.

11.7 Severance. If any provision or part-provision of the Contract is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this clause shall not affect the validity and enforceability of the rest of the Contract.

11.8 Notices.

11.8.1 Any notice or other communication given to a party under or in connection with the Contract shall be in writing, addressed to that party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that party may have specified to the other party in writing in accordance with this clause, and shall be delivered personally, sent by pre-paid first class post or other next working day delivery service, commercial courier, or email.

11.8.2 A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 11.8.1; if sent by pre-paid first class post or other next working day delivery service, at 9.00 am on the second Business Day after posting; if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed; or, if sent by email, one Business Day after transmission.

11.8.3 The provisions of this clause shall not apply to the service of any proceedings or other documents in any legal action.

11.9 Third party rights. The Contract does not, and is not intended to, give rise to any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Contract.

11.10 Governing law. The Contract, and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation, shall be governed by and construed in accordance with the law of England and Wales.

11.11 Jurisdiction. Each party irrevocably agrees that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with this Contract or its subject matter or formation.
